## PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student with a strong foundation in front-end web development, Python programming, and data analytics. Experienced in building responsive web applications and leveraging generative AI tools. Proven ability to collaborate in remote team environments and lead student outreach initiatives. Passionate about applying technical skills and problem-solving abilities to develop user-centric digital solutions.

## EXPERIENCE

03/2025 – 05/2025

Remote

### Taare Zameen Foundation

Social Research Intern

- Conducted comprehensive research on social issues affecting underprivileged youth to gather actionable insights for NGO programs.
- Designed and developed targeted campaign presentations and digital awareness materials to support community outreach.
- Collaborated cross-functionally with outreach teams to drive and support key fundraising initiatives.
- Managed critical documentation and streamlined communication channels for various active NGO programs.

## EDUCATION

2024 – 2028

Sitapur

### B.Tech in Computer Science & Engineering

Institute of Engineering & Technology (IET), Sitapur

- Relevant Coursework: Data Structures & Algorithms, Web Development, Database Management Systems (DBMS)

## TECHNICAL SKILLS

### Programming Languages

Python, C, JavaScript

### Web Technologies

HTML, CSS, Bootstrap, React

### Data & Analytics

Microsoft Excel, Power BI, Data Visualization

### Tools & Platforms

Git, MS Office Suite, PowerPoint

### AI & Cloud

Generative AI Tools, Prompt Engineering, Google Cloud Vertex AI

## INTERESTS

- Photography
- Video Editing
- Music
- Anime

## LEADERSHIP & INVOLVEMENT

### Student Representative

- Promoted internship opportunities and technical training programs to the student body, increasing campus awareness of career-building platforms.

### Student Ambassador (Silver)

- Led outreach efforts to promote advanced skill programs, driving student engagement with external technical training resources.

## PROJECTS

### Responsive Web Application

HTML, CSS, JavaScript, Bootstrap

- Developed a fully responsive web application featuring a mobile-friendly design and structured UI components to ensure seamless cross-device compatibility.
- Implemented dynamic user interface elements and interactive features utilizing JavaScript to enhance overall user experience.
- Applied modern front-end development best practices to optimize web page structure and load performance.

## CERTIFICATIONS

- - Google Cloud: Prompt Design in Vertex AI
- - LetsUpgrade: Advanced Excel & Power BI
- - HackerRank: Python (Basic), Problem Solving (Basic), CSS (Basic)
- - Outskill: Generative AI Mastermind
- - Internshala: Web Development Training
